## WHERE THE MUSIC OF AMERICAN CITY LIFE COMES ALIVE

**LEVITT PAVILIONS** is a national nonprofit that partners with cities to build and transform outdoor venues into community treasures. Each of our six existing venues offers 50+ concerts annually. Every year, more than half a million concertgoers attend free concerts at Levitt pavilions nationwide. **Our goal is to inspire the best of American city life by bringing people together in beautiful, open green spaces where they can discover new worlds—and each other—through music.** What makes our concerts into celebrations and our outdoor destinations into favorite gathering spots is the spirit of community at the heart of both music and our mission.

**LEVITT VENUES** feature world music, country, jazz, Latin, children's shows, blues and more. With Grammy-winning musicians and home-grown favorites, all are enjoyed with top quality sound and lighting from expansive, open lawn settings.
