

THEORY OF CHANGE WORKSHEET

7 TYPES OF CAPITAL

What would you like to inherit? What would you like to pass on?

DEFINITIONS

THEORY OF CHANGE

Explains your organization's intended path to impact by outlining causal linkages in an initiative at all stages. **Articulates** the relationship between an organization's mission, its social vision, and its operational priorities. It is a further way of understanding the correlation between cultural output (such as artistic productions), and specific cultural impact. **Maps** the logical relationship and chronological flow between longterm outcomes along the path to the desired impact.

SOCIAL VISION

A statement of the organization's core operating values and the benefits it wants to make to society as it goes about carrying out its goals and objectives. It **articulates your organization's social, environmental, and/or ethical obligations** to communities and societies.
