

AI BOOTCAMP FOR NONPROFITS

CATALYZING INNOVATION FOR SOCIAL GOOD.

CRE's AI Bootcamp is your gateway to leverage artificial intelligence (AI) for social impact, offering knowledge, skills, and tools for ethical, creative, and human-centered AI applications. Engage in hands-on AI experimentation, benefit from tailored support, and immerse yourself in a collaborative learning community.

PROGRAM OVERVIEW

- **Foundational understanding of AI, no matter your starting point.** Build a shared knowledge base around AI, setting everyone up for success and ensuring we're all moving forward together.
- **Ethics at the forefront of our shared exploration.** We're not just talking tech; we're ensuring that our use of AI aligns with our nonprofit values, focusing on ethical considerations that promote equity and center our humanity for strategic impact.
- **Learning community of nonprofit peers** who come together for monthly discussions, sharing successes, and tackling challenges. It's about growing together, learning from each other, and strengthening our sector.

WHAT YOU GET

- **Five (5) interactive, two-hour AI Bootcamp Sessions** designed by sector experts
- **Comprehensive CRE AI Prompt Library**--the ultimate tool on integrating AI into your organization and work
- **Learning community** of nonprofit peers who come together for monthly discussions, sharing successes, and tackling challenges.
- **Hands-on, practical sessions** grounded in ethical and innovative use cases of AI
- **Lunch and snacks provided**

INVESTMENT

\$1,250 per individual. Invest in your personal and organizational growth in the AI space.
